

Dear parents,

In view of the prevailing severe air pollution and consistently high Air Quality Index (AQI) levels in Delhi, the Government of NCT of Delhi has decided to discontinue physical classes for students from Nursery to Class V with immediate effect and until further orders.

As per the directions issued by the Directorate of Education, all Government, Government-Aided and Unaided Private Recognized Schools in Delhi shall conduct classes for students of Nursery to Class V only in online mode during this period.

However, classes VI to XII will continue to function in regular manner and as per the directions issued on 13th December 2025.
